Advanced Interconnections Corp. RoHS Compliance Statement

Advanced Interconnections' products do not exceed the RoHS thresholds for cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBBs) and polybrominated diphenyl ethers (PBDEs). Advanced Interconnections has available upon request a Declaration form letter for all RoHS compliant part numbers.

In addition to RoHS compliant products, Advanced Interconnections continues to offer products with Sn-Pb terminations for RoHS exempt applications.

Any questions regarding Advanced Interconnections RoHS compliance may be addressed to your sales representative.
